JAFFE II: INSPIRED BY may be that piece of work I needed to further my sound. I get closer and closer every album to finding my signature sound. I feel like I'm getting better every day, so I won't say this is the project, but it's crazy close.

I usually like to talk about who inspires my music, but all you have to do is look at the tracklist for this one. Shout out to everyone who played a part in the making of this album. You know who you are but know that you are appreciated also.

This is going to be one of those projects where everyone has a different favorite song. It's already been proven, actually. That's a great sign though, and I'm eager to find out what people have to say.

In 2012, I released my favorite album to date; it's called **SOPHISTICATED STREET MUSIC**. This album is practically volume two of that album. It gives me the same exact chills I got from that **SSM**. I've been trying to out do that project since I released it, and although a lot of my supporters would say that I already have, I feel like I showed myself that it could be done with this current album. — Skyp

"As a program director, I must say that when new music came across my desk from a young male rap recording artist by the name of Skypp, I thought here we go again. But, as I began listening to the single "Bottled Water", I thought now this is different. Not only was the single infused with an inviting sound, it also was free of bad language. Last year, I was able to catch a performance by Skypp, followed with an interview. From that you could see that Skypp, was educated and in tune with what he expected to bring to the world musically. In my estimation, The single "Bottled Water" is reflective of energy that connects with everyone. Since that time I caught a recent performance with Skypp, and I tell you this artist has groomed his craft as it executes crisp, clean music with a message for the world to hear. We are proud to announce that we have watched the smash hit single "Bottled Water" move to #1 to be announced on our charts for Black Music Month June 1, 2017. Congratulations to Skypp and MECAP Music, we salute you."

"I can run a Skypp track/video at any party I am rocking, and never lose the floor, his style is on another level and Skypp's voice is addictive. If you've missed out on his growth I suggest you google Skypp and watch his growth."

- DJ Johnny O | Nerve DJs

"Skypp is one of the most lyrically conscious & gifted artist of his time."

- Lucky Smith | DJS United and XSquad DJs

"Refreshing today's Hip-Hop without the extra drama and filth.. A true call to action artist is Skypp. He's a real professional and destined to not only reach the top but will enjoy a long stay there!!"

- Cyberdjck | ATLWEBRADIO

"As i relaxed last night i actually had time to listen to a whole album without interruptions. I must truly say this artist Skypp is truly gifted. Not only is he a good story teller from beginning to end on this album but its his life. Also this young brother never has one curse word on any songs. No bleeps or slurs. He created his own original words. I've watched this guy grow over the years on the road with Midwest Pocket Record Pool and trust me everyday isn't a good day but he always has a smile cause he gets it. If you get a chance go to Apple, Spotify, Tidal and more and listen or purchase Skypp album Jaffe. Great job, sir. Gangsterville Radio Approved."

- DJ Stanum | Gangsterville Radio

"Every single track I have heard from Skypp has left me astounded and this one is no different."

- Malbin | Fashionably Early

"Skypp, his music is a breathe of fresh air."

- MidwestMixtapes.com

"Skypp makes Rap more precise and it is a kind of rap, as it can only be in the USA. The flow is already pretty much all first cream and the Beats also look on its recordings their equal. Word games and stories."
